MEXICO TO ACT IMMEDIATELY

United States Demands Summary Action From Authorities.

BRYAN SENDS STRONG NOTE

Shooting of American Immigration Inspector in Juarez Calls Forth Drastic Representations From United States to Mexican Government.

Washington, July 28.—Strong representations, the most drastic in phraseology that have been made since the present American administration came into power were made to the Huerta government in Mexico.

The United States government demanded not only the prompt arrest, court martial and punishment of the Mexican federal soldiers who shot Charles D. Dixon, an American immigration official at Juarez, Mex., Saturday, but the immediate release of Charles Bissel and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City, and said to be threatened with execution.

Situation Regarded Serious.

So serious were these incidents regarded in official circles that they overshadowed largely the policy which the visit of Ambassador Henry Lane Wilson had brought to a climax.

Ambassador Wilson declined to discuss the affair.

The president has Ambassador Wilson's long report in hand, studied it carefully, and after an early conference with Mr. Bryan will be prepared to inquire of the ambassador what remedies he would suggest.

In the meantime the ambassador would give no inkling of the recommendation he has in mind beyond the general statement that his plan would conserve the friendly relations between Mexico and the United States and protect, likewise, the interests of Americans in the Southern republic.

The ambassador's long experience with outbreaks against American citizens, such as those against which the American government lodged a protest, will make him an important factor in whatever policy is adopted toward the Huerta government on account of developments at Juarez and Chihuahua.

Request is Pointed.

The demand that the soldiers at Juarez be court-martialed and that the guilty be punished is a much more pointed request than has hitherto been voiced by the American government.

Although McDonald, who is Bissel's fellow prisoner at Santa Rosalia, is reported to be an English subject, the demands for protection covered both men, and the American consul at Chihuahua was ordered to go to the extreme of precaution to prevent harm from befalling the two mining men.

Telegrams corroborating the reports of the shooting at Juarez were received at the state department.

There is little information about the status of McDonald and Bissel.

It appears that they were en route to Parrel in an automobile to bring out refugees when arrested at Santa Rosalia.

The machine was confiscated and the two men taken to the city of Chihuahua, where news of their impending fate was carried to the border by Americans.

Rebels Plan March on Juarez.

El Paso, Tex., July 28.—American newspaper men who visited Colonel Toribio Ortega's Constitutional camp at Guadalupe, forty-five miles south-east of Juarez, were told by the general that it is General Villa's intention to proceed an attack on Juarez within a few days.

Ortega declares that an assault on the freight and passenger trains on the Mexican National railroad near Ranchera was made by part of the command of 1,000 cavalry under Colonel Rosalia Hernandez, who is marching to effect a junction with Villa's and Ortega's columns at a point south of Juarez.

BURY TWENTY-ONE VICTIMS

Thousands Attend Funeral of Unidentified Dead in Binghamton Fire.

Binghamton, N. Y., July 28.—Attended by thousands of mourners, many of them relatives or close friends of the victims, the funeral of the twenty-one unidentified dead, who lost their lives in the Binghamton clothing company's fire, took place.

Services were held in the opera house, clergymen of all denominations taking part in the exercises.

A special trolley funeral car bore the twenty-one caskets to Spring Forest cemetery, this method being resorted to because there were not enough hearse in the city for the purpose.

Rochester, Minn., July 28.—Dr. and Mrs. William J. Mayo have departed for London, Eng., where Dr. Mayo will receive the degree of fellow of the Royal College of Surgeons, a distinction accorded to men of only international reputation and held by few in this country.

Dr. Mayo will deliver two or three addresses while in England.

GOVERNOR SULZER.

SULZER HAS DEFY FOR HIS ENEMIES

Willing to Testify if Murphy Also Is Placed on Stand.

Albany, N. Y., July 28.—Governor Sulzer, through Valentine Taylor, his legal adviser, issued a challenge to the Fawcett legislative committee which is investigating among other things contributions made in aid of the governor's election in the last state campaign.

The challenge embodies a promise on behalf of the executive to assist the committee in probing campaign contributions providing it will examine under oath Charles F. Murphy and Philip Donohue, respectively leader and treasurer of Tammany hall, and others whose names the governor may furnish.

It is claimed in the statement issued on behalf of the governor that the Fawcett committee is usurping unwarranted jurisdiction in attempt to obtain information regarding contributions and was advised that they cannot be forced to testify about campaign funds or other "personal matters."

This point will be waived, however, if the committee shows its sincerity by summoning Murphy and others the governor will name.

"Under such circumstances," it is added, "the executive will render every possible assistance in this matter."

SHANGHAI POLICE VICTORIOUS

Municipal Authorities Take Arms Away From 300.

Shanghai, July 28.—The municipal police, reinforced by a strong body of Shanghai volunteers, went to the rebel headquarters at Chapel, immediately north of the foreign settlement boundary, where they disarmed 300 soldiers and twelve officers and took six three-inch guns. There was no actual resistance on the part of the rebels, but for a brief period there appeared to be the prospect of a conflict. The rebels, however, were overawed by the firm attitude of the municipal police.

All was quiet here during the day. American, British, Japanese and Italian detachments of marines are patrolling the Changhai boundary.

Wu Ting Fang, former Chinese minister to the United States, is actively engaged in negotiations for peace, but the northern generals are not empowered to treat with him, as Shanghai forms only an item in the general revolt. Thus far, however, the negotiations have been successful, as the northerners have resolved to fight only if they are attacked.

The United States Cruiser Rainbow's bluejackets, who were landed Saturday for a demonstration, are now surrounding the foreign settlement. The Rainbow was struck three times during the fighting last Friday.

SHOT BY CANADIAN OFFICER

Oscar Peterson of Sheyenne, N. D., Shot While Resisting Arrest.

Sheyenne, N. D., July 28.—Oscar Peterson of Sheyenne, N. D., was shot and killed by a Canadian constable. Peterson resisted arrest, when he was shot down, the affair occurring at a small place in Northwest Canada. Several years ago Peterson was involved in a shooting scrape here. He left Sheyenne only two months ago and his widow still lives here.

Kills Three and Himself.

Winnipeg, July 28.—On a homestead near Rumsey, Alta., twenty miles from Munson, Sask., George Robinson, a farmer, entered his house with a gun and shot his wife, blowing her head off. He then turned the rifle on his three-year-old daughter Alice and his stepson Matthew, twelve, killing them instantly. He then used the same weapon to take his own life. There are no living witnesses and the crime was not discovered until a neighbor called later in the day.

ANTI-SUFFRAGISTS AT DISADVANTAGE

Amendment Giving Women Votes Likely to Pass.

LEWIS IN ACTION A TREAT.

Martine Continues His Fight Against Washed Money—Ollie James and Lippett, the "Jack and Giant" of the Senate, Engage in Merry War Over the Tariff Bill Provisions.

By ARTHUR W. DUNN.

Washington, July 28.—[Special.]—Women opposed to suffrage find that they are working at a disadvantage, more particularly in trying to prevent the passage of a resolution for an amendment to the constitution allowing women to vote. They find that many senators and members of the house are earnestly and outspokenly in favor of women suffrage.

The wives of senators and representatives do not hesitate to proclaim their belief in women suffrage. But senators and representatives who oppose suffrage do not want "to get mixed up in the controversy." They do not want to invite opposition from the suffragists in their home states and districts. Nor will they permit their wives to become identified with the anti-suffrage movement for the same reason.

Other Handicaps.

The anti-suffragists feel they have other handicaps. They are obliged to be "antis," which in itself is not a good argument with which to go before congress. Then they cannot be so pronounced, so militant, so manlike in marching, proclamations, etc., and consequently are not creating as much notoriety or making themselves felt in any such way as their sisters who are out for votes.

There was a time when any one would have laughed at the idea of an amendment permitting women to vote ever passing congress. And now, although it requires a two-thirds vote in each house, there is quite a likely possibility of its passing before the world grows much older.

Gave the Senate a Treat.

One thing which the Bryan-Bristow affair accomplished and which must be placed to the credit of that episode: It gave the senate a treat. Not only the senate, but the people in the galleries enjoyed the privilege of hearing and seeing James Hamilton Lewis in action. "Seeing" is used advisedly, for simply in hearing Lewis without seeing him one loses half of the real entertainment that goes with a "Jim Ham" performance. Lewis is the greatest word juggler that ever appeared in the senate. Rhythmic sentences pour forth like a waterfall; adjectives galore are used to enforce every idea. Sometimes the ideas get lost in a maze of words.

Lewis gets out, but the listener is often lost in a labyrinth, from which he emerges long after the performance closes. It seems as though Lewis took hundreds of words and tossed them in the air, kept them dancing from his finger tips and from the points of his brilliant whiskers. With smiles, perfect gestures, with immaculate adornment, he is easily the most picturesque and interesting figure in the senate when he is speaking.

And what he is speaking to the point, his colleagues have already found him to be a brainy man and a good, level headed adviser.

Martine Wins.

In his fight against washed money Senator Martine has for a long time endeavored to have 587 letters from bankers protesting against the system printed in the Record. Senator Smoot stood guard, and Martine was finally compelled to pick out a dozen and condense the ideas of the others, but in the end he had the protest printed in the Record. His next move is to get legislative action doing away with washed money.

Warning the Galleries.

Session after session of the senate the presiding officer "warns the galleries." When something occurs which causes laughter or even applause, the vice president or the senator who may be in the chair solemnly announces that "applause or signs of approval or disapproval are not permitted in the galleries." Oftentimes he goes so far as to say that the sergeant-at-arms will "clear the galleries" if the demonstration is repeated. And, like as not, it is repeated. During the recent Bryan debate it was repeated five times, but the galleries have never been "cleared" for any such cause.

Jack and the Giant.

Big Ollie James and somewhat small Senator Lippett, one from Rhode Island and the other from Kentucky, are absolutely unlike. They do not think alike; their ideas, training, environment, make them dissimilar. And so they fight over the tariff. Protection cannot go much too high for Lippett, and it could be pared down to the bone for James, and then some. When they are in action one cannot but think of the old tale of Jack and the giant, although there is no slaughter in this case. Among other big things about Ollie James is his voice, which over-whelms his smaller antagonist.

Sounds Queer.

"What is the best way to get forward?"

"Get backing."—Baltimore American

REARADMIRAL NICHOLSON.

Washington Officials Approve His Action in Asiatic Waters.

SANCTION ADMIRAL'S ACTION

Commander Nicholson Refused Guard to Fearful Americans.

Washington, July 28.—Officials here approve the course of Rear Admiral Nicholson, commander of the Asiatic fleet, who refused to send a guard of marines to Kuling, the Central China summer resort, where Americans had become apprehensive because of the disorders in the Chinese republic. Admiral Nicholson has reported to the navy department that he acted after consulting with British, German and French commanders, all of whom advised him against furnishing the guard.

DYNAMITE MISLAID BY TRAIN ROBBERS

Holdup of North Coast Limited Proves to Be Farce.

Homestead, Mont., July 28.—The holdup of the eastbound North Coast Limited on the Northern Pacific by three masked men a mile and a half west of here resulted in a farce, for the would-be robbers secured nothing. The train was stopped with torpedoes secured from a bridge watchman, who was held up shortly before the limited was due. The desperadoes compelled the engineer and train crew to uncouple the engine and express car from the rest of the train and proceed ahead, leaving the train on the other side of a tunnel about 400 feet distant.

When the engine was brought to a stop one outlaw announced that he had forgotten to bring the "giant" along and the powder was back with the train. The incident brought forth snickers from the trainmen which were stopped by the firing of shots. The bandits then disappeared among the rocks and it is said they left the scene in an automobile and went toward Butte.

SUFFRAGISTS AGAIN IN RIOT

SIGHTSEERS HURT IN WRECK

Twenty-seven Injured On Boulder, Colo., Narrow Gauge Track.

Boulder, Colo., July 28.—Twenty-seven passengers were injured, six probably fatally, when five coaches of the Denver, Boulder and Western train overturned near Eldora, Colo. In the five coaches were 125 passengers, mostly tourists from the East who were viewing the scenery of the Switzerland trail.

The train had left Eldora about noon and was attempting to make the customary wye turn when the rear coach left the track. The train grey, endeavored to draw the coach back upon the track when it overturned.

The passengers were thrown from their seats, bruised and cut by flying glass. Those most seriously hurt were injured internally by the fall. The train was a narrow gauge one.

The most seriously injured were taken to the University hospital here and given treatment. Physicians state that in the case of those suffering from internal injuries it will be impossible to determine their exact condition for another twenty-four hours.

A relief train was hurried to from Boulder to the scene of the wreck, bringing back the wounded. Those less seriously hurt were taken to Denver and there placed in hospitals.

DELAY GIVES GREEKS VICTORY

Bulgarians Driven Back—Concert Seems Powerless.

London, July 28.—The Balkan peace conference is expected to open at Bucharest next Wednesday, but meantime serious fighting continues.

The Greeks refused Bulgaria's request for even a three days' truce and, after heavy fighting, have got through Kresna pass, inflicting a defeat on the Bulgarians at Simek, capturing three siege guns, and driving the Bulgarians back on Djuma.

Unless peace speedily is negotiated, another great battle is likely to occur at Struma.

The concert of the powers seems as powerless as before to adopt any united action against Turkey.

The Porte, however, has disavowed the action of its troops in penetrating old Bulgaria and no further advance of Turkish troops has been reported.

There are frequent reports of atrocities and massacres by Bulgarians and Turks. Izzet Pasha, the Turkish commander-in-chief reports that Bulgarians murdered 200 Ottoman soldiers, who had been taken prisoners near Kisly Endje.

Miss Pankhurst Starts Mob for Premier's Residence.

"DEEDS, NOT WORDS," MOTTO

Scotland Yard Officers, Aided by Mounted Police, Break Up Procession and Arrest Miss Sylvia Pankhurst.

London, July 28.—Sylvia Pankhurst, the militant suffragette, who was out on license under the "cat and mouse law," was the leader of a suffragette demonstration which surpassed all previous affairs of the sort.

During the rioting which followed, Miss Pankhurst was rearrested and taken to Holloway jail.

The meeting held in Trafalgar square by the Men's Federation for Women's suffrage and the East End branch of the Women's social and Political union had been announced in advance and this fact and also a rumor that a charge upon Premier Asquith's residence with resolutions was planned, brought enthusiastic crowds into the square.

"On to Downing street" proved to be the watchword and but for vigorous work by the mobilized police, who arrested Miss Pankhurst and twenty men and women supporters, there would have been window smashing and perhaps worse damage at the premier's house.

The procession of men and women marched from White Chapel to Trafalgar square with constantly growing crowds following.

Band Plays the "Marseillaise."

It entered the square with the band playing the "Marseillaise" and planted banners on the plinth of the Nelson column. Miss Pankhurst made a dramatic appearance from among the crowd and was dragged to the plinth amid great cheering.

When the demonstration had subsided she made an impassioned speech.

"The time for speaking is over," she said. "Deeds, not words, are wanted. Let us all go to Downing street."

She concluded by saying she was going to defy the authorities and carry resolutions to the premier's residence herself.

A roar of approval greeted this announcement and in an instant Miss Pankhurst, with a bundle of papers in her hand, was swept off the plinth by the mob and the square was a mass of excited and struggling people.

The huge crowd, Miss Pankhurst leading it, then moved down Whitehall toward Downing street. A platoon of police, which had come at double-quick from Scotland Yard, formed a cordon across the road, which was effectively aided by a blockade of wheeled conveyances.

Mounted police then rode into the crowd, scattering it and driving the people down various streets, while officers in plain clothes got possession of Miss Pankhurst after a first fight with her bodyguard of East End youths.

Mrs. Pankhurst Better.

London, July 28.—Mrs. Emmeline Pankhurst, the militant suffragette leader, is reported improving as the result of an operation for the transfusion of blood to her from a healthy young suffragette.

The operation was made necessary as the weakened condition of Mrs. Pankhurst following her hunger strikes in Holloway jail.

SWING BRINGS DEATH TO GIRL

South Dakota Girl Attacked With St. Vitus Dance From Play.

Sioux Falls, S. D., July 28.—The eleven-year-old daughter of Mr. and Mrs. Baptiste St. Cloud, met with a tragic death while swinging with some playmates.

They amused themselves by twisting the swing until the one that was in the swing would become dizzy from the ropes untwisting. When it came the St. Cloud girl's turn they gave her an extra good ride by twisting the swing up as high as it would go. She had a wild ride down and it gave her nervous system such a shock that when she jumped from the swing she had an attack of St. Vitus dance.

Physicians could give her no relief. Her eyes and lips and head and hands and legs twitched and jumped continuously and it finally became necessary to tie her in order to keep her on a bed. She finally died of exhaustion, not having had any sleep for over three weeks.

Her body was worn out and her system completely shattered.

NEGRO IS HANGED BY MOB

Corpse Then Riddled With Bullets and Left Dangling From Pole.

Dunbar, Ga., July 28.—A mob after several hours search through swamps captured John Shake, a negro, hanged him to a telegraph pole in the local negro settlement and riddled his body with bullets. The corpse was left hanging.

Shake was believed to be the burglar who shot and dangerously wounded D. J. Hammock, a merchant in the latter's store. Hammock, it is believed, will recover.

WILL ATTEMPT TO WORK MINES

Decision to Resume Work Is Reached at Conference.

OPERATORS FACE BIG TASK

Company Representatives and Military Authorities Agree on Program—Military Not to Be a Party in a Waiting Game.

Calumet, Mich., July 28.—Whistles will blow and call back to the copper mines those employees of the companies who are willing to work if the operators carry out the wishes of the state military authorities in control of the strike zone. Decision to attempt a general resumption of work was reached at a conference between company representatives, Sheriff Daniel Cruise and General P. L. Abbey, the officials pointing out to the operators that with the entire organized militia of Michigan guarding the Houghton county mines their requests for protection had been complied with and that the state could not afford to have the companies play a waiting game in an attempt to "starve out" the union men.

While this conference was in session, the union leaders were addressing a mass meeting of several thousand men, women and children in a skating rink in Laurium during the men to stand fast. The meeting, which was the largest of its character in the history of the mines here, adopted a protest against the presence of the troops in a communication addressed to Governor Ferris. This was carried to Lansing by C. E. Mahoney, vice president of the Western Federation of Miners.

It was admitted by the operators that they will face a difficult task in getting even the most loyal of their employees back to work.

Pumping was renewed at some of the mines, notably the Wolverine and Quincy No. 8 shafts. No further trouble was experienced as a result of these activities and every shafthouse in the county contains a detachment of troops. The homes of mine managers also are guarded.

James A. Waddell of New York, who represented the Guggenheim interests during the copper mine strike in Utah several months ago, arrived to take charge of the company's interests in this section. He said that it had not been decided as yet whether nonunion workers were to be brought here, but acknowledged that such action might be taken later.

In view of the unrest in the iron mining district at Ishpeming and Negaunee and in Gogebic county, and the possibility that the miners of that region will ask for a consideration of their demands there, the general belief is that federal troops will yet have to be brought into Northern Michigan.

For the first time in years the Sunday closing house were enforced against Calumet saloons.

FALL 2,500 FEET IN ALPS.

St. Maurice, Switzerland, July 28.—A terrible sight was seen from Salvan. Three Alpine climbers were observed to be in difficulties and then to drop 2,500 feet off the Saliers tower of the Dent-du-Midi.

The mountain climbers are believed to have been Frenchmen who ascended the peak without a guide, despite warnings of danger.

GOLD MINE STRIKE FEARED

Situation Grave in South Africa and General Walkout Possible.

Willing to Testify if Murphy Also Is Placed on Stand.

Albany, N. Y., July 28.—Governor Sulzer, through Valentine Taylor, his legal adviser, issued a challenge to the Frawley legislative committee which is investigating among other things contributions made in aid of the governor's election in the last state campaign.

The challenge embodies a promise on behalf of the executive to assist the committee in probing campaign contributions providing it will examine under oath Charles F. Murphy and Philip Donohue, respectively leader and treasurer of Tammany hall, and others whose names the governor may furnish.

It is claimed in the statement issued on behalf of the governor that the Frawley committee is usurping unwarranted jurisdiction in attempt to obtain information regarding contributions and was advised that they cannot be forced to testify about campaign funds or other "personal matters."

This point will be waived, however, if the committee shows its sincerity by summoning Murphy and others the governor will name.

"Under such circumstances," it is added, "the executive will render every possible assistance in this matter."

SHANGHAI POLICE VICTORIOUS

Municipal Authorities Take Arms Away From 300.

Shanghai, July 28.—The municipal police, reinforced by a strong body of Shanghai volunteers, went to the rebel headquarters at Chapel, immediately north of the foreign settlement boundary, where they disarmed 300 soldiers and twelve officers and took six three-inch guns. There was no actual resistance on the part of the rebels, but for a brief period there appeared to be the prospect of a conflict. The rebels, however, were overawed by the firm attitude of the municipal police.

All was quiet here during the day. American, British, Japanese and Italian detachments of marines are patrolling the Champel boundary.

Wu Ting Fang, former Chinese minister to the United States, is actively engaged in negotiations for peace, but the northern generals are not empowered to treat with him, as Shanghai forms only an item in the general revolt. Thus far, however, the negotiations have been successful, as the northerners have resolved to fight only if they are attacked.

The United States Cruiser Rainbow's bluejackets, who were landed Saturday for a demonstration, are now surrounding the foreign settlement. The Rainbow was struck three times during the fighting last Friday.

SHOT BY CANADIAN OFFICER

Oscar Peterson of Sheyenne, N. D., Shot While Resisting Arrest.

Sheyenne, N. D., July 28.—Oscar Peterson of Sheyenne, N. D., was shot and killed by a Canadian constable. Peterson resisted arrest, when he was shot down, the affair occurring at a small place in Northwest Canada. Several years ago Peterson was involved in a shooting scrape here. He left Sheyenne only two months ago and his widow still lives here.

Kills Three and Himself.

Winnipeg, July 28.—On a homestead near Rumbey, Alta., twenty miles from Munson, Sask., George Robinson, a farmer, entered his home with a gun and shot his wife, blowing her head off. He then turned the rifle on his three-year-old daughter Alice and his stepson Matthew, twelve, killing them instantly. He then used the same weapon to take his own life. There are no living witnesses and the crime was not discovered until a neighbor called later in the day.

ANTI-SUFFRAGISTS AT DISADVANTAGE

Amendment Giving Women Votes Likely to Pass.

LEWIS IN ACTION A TREAT.

Martine Continues His Fight Against Washed Money—Ollie James and Lippett, the "Jack and Giant" of the Senate, Engage in Merry War Over the Tariff Bill Provisions.

By ARTHUR W. DUNN.

Washington, July 28.—[Special.]—Women opposed to suffrage find that they are working at a disadvantage, more particularly in trying to prevent the passage of a resolution for an amendment to the constitution allowing women to vote. They find that many senators and members of the house are earnestly and outspokenly in favor of women suffrage.

The wives of senators and representatives do not hesitate to proclaim their belief in women suffrage. But senators and representatives who oppose suffrage do not want "to get mixed up in the controversy." They do not want to invite opposition from the suffragists in their home states and districts. Nor will they permit their wives to become identified with the anti-suffrage movement for the same reason.

Other handicaps. The anti-suffragists also feel they have other handicaps. They are obliged to be "antis," which in itself is not a good argument with which to go before congress. Then they cannot be so pronounced, so militant, so manlike in marching, proclamations, etc., and consequently are not creating as much notoriety or making themselves felt in any such way as their sisters who are out for votes.

There was a time when any one would have laughed at the idea of an amendment permitting women to vote ever passing congress. And now, although it requires a two-thirds vote in each house, there is quite a likelihood of its passing before the world grows much older.

Give the Senate a Treat.

One thing which the Bryan-Bristow affair accomplished and which must be placed to the credit of that episode: It gave the senate a treat. Not only the senate, but the people in the galleries enjoyed the privilege of hearing and seeing James Hamilton Lewis in action. "Seeing" is used advisedly, for simply in hearing Lewis would seem to him one loses half of the real entertainment that goes with a "Jim Ham" performance. Lewis is the greatest word juggler that ever appeared in the senate. Rhythmic sentences pour forth like a waterfall; adjectives galore are used to enforce every idea. Sometimes the ideas get lost in a maze of words.

Lewis gets out, but the listener is often lost in a labyrinth, from which he emerges long after the performance closes. It seems as though Lewis took hundreds of words and tossed them in his finger tips and from the points of his brilliant whiskers. With smiles, perfect gestures, with immaculate adornment, he is easily the most picturesque and interesting figure in the senate when he is speaking.

And what is more to the point, his colleagues have already found him to be a brainy man and a good, level headed adviser.

Martine Wins.

In his fight against washed money Senator Martine has for a long time endeavored to have 587 letters from bankers protesting against the system printed in the Record. Senator Smoot stood guard, and Martine was finally compelled to pick out half a dozen and condense the ideas of the others, but in the end he had the protest printed in the Record. His next move is to get legislative action doing away with washed money.

Warning the Galleries.

Session after session of the senate the presiding officer "warns the galleries." When something occurs which causes laughter or even applause, the vice president or the senator who may be in the chair solemnly announces that "applause or signs of approval or disapproval are not permitted in the galleries."

Oftentimes he goes so far as to say that the sergeant-at-arms will "clear the galleries" if the demonstration is repeated. And, like as not, it is repeated. During the recent Bryan debate it was repeated five times, but the galleries have never been "cleared" for any such cause.

Jack and the Giant.

Big Ollie James and somewhat small Senator Lippett, one from Rhode Island and the other from Kentucky, are absolutely unlike. They do not think alike; their ideas, training, environment, make them dissimilar. And so they fight over the tariff. Protection cannot go much too high for Lippett, and it could be pared down to the bone for James, and then some. When they are in action one cannot but think of the old tale of Jack and the giant, although there is no slaughter in this case. Among other big things about Ollie James is his voice, which overwhelms his smaller antagonist.

Sounds Queer.

REARADMIRAL NICHOLSON.

Washington Officials Approve His Action in Asiatic Waters.

SANCTION ADMIRAL'S ACTION

Commander Nicholson Refused Guard to Fearful Americans.

Washington, July 28.—Officials here approve the course of Rear Admiral Nicholson, commander of the Asiatic fleet, who refused to send a guard of marines to Kulling, the Central China summer resort, where Americans had become apprehensive because of the disorders in the Chinese republic. Admiral Nicholson has reported to the navy department that he acted after consulting with British, German and French commanders, all of whom advised him against furnishing the guard.

DYNAMITE MISLAID BY TRAIN ROBBERS

Holdup of North Coast Limited Proves to Be Farce.

Homestead, Mont., July 28.—The holdup of the eastbound North Coast Limited on the Northern Pacific by three masked men a mile and a half west of here resulted in a farce, for the would-be robbers secured nothing. The train was stopped by torpedoes secured from a bridge watchman, who was held up shortly before the limited was due. The desperadoes compelled the engineer and train crew to uncouple the engine and express car from the rest of the train and proceed ahead, leaving the train on the other side of a tunnel about 400 feet distant.

When the engine was brought to a stop one outlaw announced that he had forgotten to bring the "giant" along and the powder was back with the train. The incident brought forth snickers from the trainmen which were stopped by the firing of shots. The bandits then disappeared among the rocks and it is said they left the scene in an automobile and went toward Butte.

SUFFRAGISTS AGAIN IN RIOT

SIGHTSEERS HURT IN WRECK

Twenty-seven Injured On Boulder, Colo., Narrow Gauge Track.

Boulder, Colo., July 28.—Twenty-seven passengers were injured, six probably fatally, when five coaches of the Denver, Boulder and Western train overturned near Eldora, Colo. In the five coaches were 125 passengers, mostly tourists from the East who were viewing the scenery of the Switzerland trail.

The train had left Eldora about noon and was attempting to make the customary wye turn when the rear coach left the track. The train grey, endeavored to draw the coach back upon the track when it overturned. The passengers were thrown from their seats, bruised and cut by flying glass. Those most seriously hurt were injured internally by the fall. The train was a narrow gauge one.

The most seriously injured were taken to the University hospital here and given treatment. Physicians state that in the case of those suffering from internal injuries it will be impossible to determine their exact condition for another twenty-four hours. A relief train was hurried to from Boulder to the scene of the wreck, bringing back the wounded. These less seriously hurt were taken to Denver and there placed in hospitals.

DELAY GIVES GREEKS VICTORY

Bulgarians Driven Back—Concert Seems Powerless.

London, July 28.—The Balkan peace conference is expected to open at Bucharest next Wednesday, but meantime serious fighting continues.

The Greeks refused Bulgaria's request for even a three days' truce and, after heavy fighting, have got through Kresna pass, inflicting a defeat on the Bulgarians at Simeke, capturing three siege guns, and driving the Bulgarians back on Djuma.

Unless peace speedily is negotiated, another great battle is likely to occur at Struma.

The concert of the powers seems as powerless as before to adopt any united action against Turkey.

The Porte, however, has disavowed the action of its troops in penetrating old Bulgaria and no further advance of Turkish troops has been reported. There are frequent reports of atrocities and massacres by Bulgarians and Turks. Izzet Pasha, the Turkish commander-in-chief reports that Bulgarians murdered 200 Ottoman soldiers, who had been taken prisoners near Kisly Enidje.

Miss Pankhurst Starts Mob for Premier's Residence.

"DEEDS, NOT WORDS," MOTTO

Scotland Yard Officers, Aided by Mounted Police, Break Up Procession and Arrest Miss Sylvia Pankhurst.

London, July 28.—Sylvia Pankhurst, the militant suffragette, who was out on license under the "cat and mouse law," was the leader of a suffragette demonstration which surpassed all previous affairs of the sort.

During the rioting which followed, Miss Pankhurst was rearrested and taken to Holloway jail.

The meeting held in Trafalgar square by the Men's Federation for Woman's suffrage and the East End branch of the Women's social and Political union had been announced in advance and this fact and also a rumor that a charge upon Premier Asquith's residence with resolutions was planned, brought enthusiastic crowds into the square.

"On to Downing street" proved to be the watchword and but for vigorous work by the mobilized police, who arrested Miss Pankhurst and twenty men and women supporters, there would have been window smashing and perhaps worse damage at the premier's house.

The procession of men and women marched from White Chapel to Trafalgar square with constantly growing crowds following.

Band Plays the "Marseillaise."

It entered the square with the playing the "Marseillaise" and planted banners on the plinth of the Nelson column. Miss Pankhurst made a dramatic appearance from among the crowd and was dragged to the plinth amid great cheering.

When the demonstration had subsided she made an impassioned speech.

"The time for speaking is over," she said. "Deeds, not words, are wanted. Let us all go to Downing street."

She concluded by saying she was going to defy the authorities and carry resolutions to the premier's residence herself.

A roar of approval greeted this announcement and in an instant Miss Pankhurst, with a bundle of papers in her hand, was swept off the plinth by the mob and the square was a mass of excited and struggling people.

The huge crowd, Miss Pankhurst leading it, then moved down Whitehall toward Downing street. A platoon of police, which had come at double-quick from Scotland Yard, formed a cordon across the road, which was effectively aided by a blockade of wheeled conveyances.

Mounted police then rode into the crowd, scattering it and driving the people down various streets, while officers in plain clothes got possession of Miss Pankhurst after a fist fight with her bodyguard of East End youths.

Mrs. Pankhurst Better.

London, July 28.—Mrs. Emmeline Pankhurst, the militant suffragette leader, is reported improving as the result of an operation for the transfusion of blood to her from a healthy young suffragette.

The operation was made necessary by the weakened condition of Mrs. Pankhurst following her hunger strikes in Holloway jail.

At the parsonage of the First
Methodist Episcopal church on Sat-
urday afternoon Charles R. Anker-
berg and Miss Jessie E. Blackburn
were united in holy matrimony by
Rev. Elbert E. Satterlee. The bride
is the accomplished daughter of Mr.
and Mrs. W. H. Blackburn of Crow
Wing and the groom is a prosperous
young business man of Stanton, N.
D., where after August 1st the happy
couple will be at home to their many
friends.

Obeys That Impulse
Instead of enduring the daily tor-
ment of weak back, backache, sore
kidneys, swollen joints and rheuma-
tism, obey that impulse to take Foley
Kidney Pills. They co-operate with
nature, which accounts for their suc-
cess in all kidney and bladder dis-
orders. They are healing, strength-
ening and tonic. Obey that impulse
today and give them a chance to help
you.—Adv. H. P. DUNN.

The Plot.
Jones—Well, Smithy, how did you
like the show last night? Smith—Oh,
fair. Jones—What was the plot?
Smith—Don't know. Think it was be-
tween the author and the manager to
get \$2 out of the audience.—Life.

QUICKLY STOPS THE WORST BACKACHE
Makes Kidney Troubles, Bladder
Disorders, and Rheumatic
Pains Vanish

If you suffer with backaching kid-
ney trouble, have disagreeable blad-
der and urinary disorders, or are tor-
tured with rheumatism, stiff joints,
and its heartwrenching pains, the
new discovery, Hindipol, will quickly
and surely relieve all such troubles.
Hindipol is the most wonderful
remedy yet devised for ridding the
system of uric acid and driving out
all the poisonous impurities which
cause such troubles. It is entirely
different from all other remedies. It
acts on the principal of cleaning out
the poisons and removing the cause.
It soaks right in through the walls,
membranes and linings, like water in
a sponge, neutralizes, dissolves, and
makes the kidneys sift out and filter
away all the uric acid and poisons
from the blood, and leaves the kid-
neys and urinary organs clean,
strong, healthy and well.

It matters not how long you have
suffered, how old you are, or what
you have used, the very principle of
Hindipol is such, that it is practi-
cally impossible to take it into the hu-
man system without results. There
is nothing else on earth like it. It
starts to work the minute you take it
and relieves you the first time you
use it.

If you suffer with pains in your
back and sides or have any signs of
kidney-bladder troubles or rheuma-
tism, such as puffy swellings under
the eyes or in the feet and ankles,
if you are nervous, tired or run down,
or bothered with urinary disorders,
Hindipol will quickly relieve you of
your misery. An original package
of Hindipol costs but a trifle, and all
druggists are authorized to return
the purchase price if it fails in a
single case.—Adv.

CHURCH LECTURE

Given at German Evangelical Beth-
lehem Church at 8 o'clock
This Evening

A superb stereoscopic lecture de-
picting the history, activity and
achievements of the German Evan-
gelical Synod of North America will
be given at the German Evangelical
Bethlehem church at 8 o'clock this
evening. The lecturers will be Carl
Schaar and Carl Hass, young theo-
logical students. Rev. E. Bratzel,
pastor of the local church, will pre-
side at the meeting.

The lecture will last an hour and
is very interesting, instructive and
inspiring. One hundred and twenty
views are shown, being original pho-
tographs from the home and foreign
mission fields, seminaries, Sunday
schools, hospitals, asylums, publish-
ing house, etc., and also views of the
recent flood damage in Ohio sus-
tained by churches of the denomina-
tion.

No admission will be taken, but a
freewill offering will be received for
the denominational work.

Rheumatism and the Heart

Don't overlook the grave fact that
rheumatism easily "settles in the
heart," and disturbs the valvular ac-
tion. The cure consists in removing
the cause. Foley Kidney Pills so
tone up and strengthen the kidneys
that they keep the blood free of poi-
sons and uric acid crystals, that cause
rheumatism, swollen joints, backache,
urinary irregularities, and disturbed
heart action. Try them. For sale

BRAINERD BEATS WALKER INDIANS

Chief Ed. Rogers' Band of Chippewas is Blanked, the Score Reading 5 to 0, Favor Locals

JOE GRAVES PITCHED WELL

With a Better Backstop for Graves the Score Might Have Read 1 to 0

The band of Walker Indians led by the chief of all the Chippewas, Ed. Rogers, was blanked in their Sunday game of ball with Brainerd. The score read 5 to 0. The figures would have been much different, say 1 to 0, if Walker had been provided with a better catcher.

Tall and slender Joe Graves pitched well and had a baffling curve which 11 Brainerd men were unable to solve. Many Penny, who was at the receiving end, was unable to hold Graves' dazzling bursts of speed, and on several occasions there were passed balls which contributed to run-getting on the part of Brainerd. Cook, for the locals, struck out 10 and, as usual, suowed that he is a most dependable pitcher.

The crowd was generous in its applause and gave Ed. Rogers, who formerly played first base for Brainerd, a generous hand when he stepped up to bat. He slammed the ball for a two base hit, the only hit made off Cook. Fans forgot that Mr. Cook came awfully close to getting a seat in the hall of fame, the no-hit, no-run sanctuary, and some honor for a pitcher too.

Lauerman played great ball on first. In the second inning he made a fine stop and in the third he made a sensational catch. In the sixth inning, Sheffield playing left field, raced to center and pulled down Many Penny's high fly. It was a great catch, for after getting the ball in his mit he collided with Templeton, backing up, but still kept his grip on the leather sphere. Erickson and Templeton exchanged positions, the innovation working well.

Manny Penny had a sore finger and did the best he could under the circumstances. The Indians play Staples today and have secured a new catcher, Chief No. 1 of the Cars.

HAIL DOES DAMAGE

Accompanies Rain Storm on Saturday Evening and Cuts up Crops Near Sylvan

Hail accompanied the heavy rain storm Saturday evening at 8:30 and fell in the vicinity of Sylvan cutting up garden stuff and doing quite a little damage.

At Brainerd and vicinity a wind storm accompanied the rain. Some damage was done by lightning. A transformer near the National hotel was put out of commission and one near Tenth and Juniper, on the North side, was wrecked. Both have been repaired by this time.

DEVELOPMENTS OF WEEK ON RANGE

Closing Down of the Armour No. 1 Mine Indicates Stripping Operations May Follow

BUSINESS CONDITIONS BLAMED

Rogers, Brown Ore Co. Armour No. 1, No. 2 and Kennedy Have Shipped 300,000 Tons

The Armour No. 1 mine near Crosby has closed down, throwing 225 men out of employment. Business conditions, said to be due to the dull pig iron and iron ore markets were said to be the cause. The rest of the stockpile of 35,000 tons will be shipped. The mine will later be converted into a stripping proposition, but perhaps not for a year and a half.

At the Armour No. 2 there are employed 235 men and so far as known shipping will continue until the close of navigation.

The Kennedy mine at Cuyuna is working full blast. There are employed 240 men. The stockpile is being shipped, 15,000 tons having been sent to the docks. The Armour No. 2 is hoisting 900 tons a day and the Kennedy 1,000 tons daily.

The Gopher Iron company will soon start exploring several tracts. Frank Oberg, secretary of the company, is on the range to look after the interests of the company.

The Hopkins company, of Minneapolis, is drilling in the north ½ of the northeast ¼ of section 33, township 47, range 29. Two drills are being operated by Tom Cole.

The three mines of the Rogers, Brown Ore Co., being the Armour No. 1, the Armour No. 2 and the Kennedy mine, have shipped to date 300,000 tons.

The Duluth-Brainerd Mining company has had three drills at work in section 32, township 47, range 29. It has been decided to sink a shaft in the near future.

The Cuyuna-Sultana mining company had a special coe on the Vermillion range Sunday and work done in section 15, township 62, range 14 in St. Louis county was examined. Many of the directors of the company made the trip. The shaft has reached a depth of 140 feet.

The Cuyuna-Mille Lacs mine had added three more crews, making five crews on the bottom level. The first level is situated at 126 feet and the second at 226 feet. E. J. W. Donahue, in an interview, said the water was all out of the mine and the level cleared up and that 200 tons were being hoisted daily. Cars are also being loaded from the stockpile. The mine is shipping to the Bethlehem Steel Co., and also the Lake Superior Iron & Chemical company at its different plants in Ashland, Wis., Manitowish, Boyne City, Elk Rapids and Newberry, Mich.

The Cuyuna-Duluth mine will do its first shipping on Sunday, August 3, when a big excursion of stockholders and their friends is billed to visit this mine and also the Cuyuna-Mille Lacs mine.

Stephano Arbucci, in Brainerd Thursday, Was Considered Demented by the Police

BROKE HIS RIFLE ON RAILS

Had Relatives in Northern Minnesota—Committed Suicide in Duluth Saturday

Stephano Arbucci, who was found dead Saturday evening under the viaduct approach to the Sixth avenue dock in Duluth, with four knife wounds in the breast, one through the heart, is claimed by Brainerd police to have been in this city Thursday.

He acted queerly and hung around the depot. He came from International Falls. When he was questioned about the rifle he carried, he said he did not want to hurt anybody and he took the weapon and smashed it to pieces on the rails.

The police considered him demented and kept him in the city lockup until evening train time, when he left for Duluth. He said he had a wife and two children. Some of his wife's relatives live in a hamlet called Kitchi in northern Minnesota. He had \$15 with him when in Brainerd. So far as known the man had no relatives in this town or vicinity.

The Duluth News-Tribune of Sunday has the following mention of the suicide:

The body of Stephano Arbucci, age 40, a laborer, was found yesterday under the viaduct approach to the Sixth avenue dock, with four knife wounds in the breast, one through the heart. When found by Thomas Cunningham, a longshoreman, the body was still warm, and it was lying in a position that has led the police to believe that it is a case of suicide.

In spite of the fact that Chief of Police Troyer believes the suicide theory to be the most plausible, no knife was found near the body, and it is certain that some one was with Arbucci at the time of his death. A noon edition of a local paper was found in his pocket.

Arbucci was known to have been laboring under the delusion that some one was pursuing him, as he appealed to Patrolman Danielson Thursday night, and again Friday, telling him that "they were after him," and that he "wanted to find some place where he could sleep in peace and where they could not get him."

When questioned by the officer he explained that he had had trouble with his wife's relatives, living near Brainerd, and that they were trying to separate him from his wife and children.

Police identified the body by means of two employment bureau checks found in his pocket. Both were from the Fedder agency, 511 ½ Michigan street.

Chief Troyer late last night started communication with the Brainerd police, in an effort to locate relatives of Arbucci. He was a small, dark complexioned man, five feet five inches in height, and was dressed in a dark suit.

Brainerd Girl Sees Awful Lightning Flash and Stream of Red on Arm and Nearly Faints

"Mother, I am struck," shouted a pretty North side girl, as she rushed into her home and held up her right arm from which blood appeared to be streaming. A moment before there had been a blinding flash of lightning followed by a terrific crash of thunder.

Miss North Side was running home to avoid the shower. A gust of wind nearly carried away her big black picture hat. She held on to the bunch of roses and the rain wet the artificial flowers and the red coloring ran down her arm. Then came the lightning.

Believing the lightning bolt had pierced her arm she burst into her home and ran for mother, telling her she had been struck. Mother quieted her and repaired the damage to the hat.

BRAINERD BEATS WALKER INDIANS

Chief Ed. Rogers' Band of Chippewas is Blanked, the Score Reading 5 to 0, Favor Locals

JOE GRAVES PITCHED WELL

With a Better Backstop for Graves the Score Might Have Read 1 to 0

The band of Walker Indians led by the chief of all the Chippewas, Ed. Rogers, was blanked in their Sunday game of ball with Brainerd. The score read 5 to 0. The figures would have been much different, say 1 to 0, if Walker had been provided with a better catcher.

Tall and slender Joe Graves pitched well and had a baffling curve which 11 Brainerd men were unable to solve. Many Penny, who was at the receiving end, was unable to hold Graves' dazzling bursts of speed, and on several occasions there were passed balls which contributed to run-getting on the part of Brainerd. Cook, for the locals, struck out 10 and, as usual, showed that he is a most dependable pitcher.

The crowd was generous in its applause and gave Ed. Rogers, who formerly played first base for Brainerd, a generous hand when he stepped up to bat. He slammed the ball for a two base hit, the only hit made off Cook. Fans forgot that Mr. Cook came awfully close to getting a seat in the hall of fame, the no-hit, no-run sanctuary, and some honor for a pitcher too.

Lauerman played great ball on first. In the second inning he made a fine stop and in the third he made a sensational catch. In the sixth inning, Sheffield playing left field, raced to center and pulled down Many Penny's high fly. It was a great catch, for after getting the ball in his mitt he collided with Templeton, backing up, but still kept his grip on the leather sphere. Erickson and Templeton exchanged positions, the innovation working well.

Manny Penny had a sore finger and did the best he could under the circumstances. The Indians play staples today and have secured a new catcher, Chief No Afraid of the Cars.

Closing Down of the Armour No. 1 Mine Indicates Stripping Operations May Follow

BUSINESS CONDITIONS BLAMED

Rogers, Brown Ore Co. Armour No. 1, No. 2 and Kennedy Have Shipped 300,000 Tons

The Armour No. 1 mine near Crosby has closed down, throwing 225 men out of employment. Business conditions, said to be due to the dull pig iron and iron ore markets were said to be the cause. The rest of the stockpile of 35,000 tons will be shipped. The mine will later be converted into a stripping proposition, but perhaps not for a year and a half.

At the Armour No. 2 there are employed 235 men and so far as known shipping will continue until the close of navigation.

The Kennedy mine at Cuyuna is working full blast. There are employed 240 men. The stockpile is being shipped, 15,000 tons having been sent to the docks. The Armour No. 2 is hoisting 900 tons a day and the Kennedy 1,000 tons daily.

The Gopher Iron company will soon start exploring several tracts. Frank Oberg, secretary of the company, is on the range to look after the interests of the company.

The Hopkins company, of Minneapolis, is drilling in the north ¼ of the northeast ¼ of section 33, township 47, range 29. Two drills are being operated by Tom Cole.

The three mines of the Rogers, Brown Ore Co., being the Armour No. 1, the Armour No. 2 and the Kennedy mine, have shipped to date 300,000 tons.

The Duluth-Brainerd Mining company has had three drills at work in section 32, township 47, range 29. It has been decided to sink a shaft in the near future.
